

Family Weekend Application:

For a Family Weekend Application, each child planning to attend camp will need to submit their own application. In addition, parents attending with their children will complete their own individual application packet which can be found in the child's application documents. Each parent only needs to upload their application packet once even though there will be an option to upload the packet in each child's application documents.

If someone's name is missing as a camper, you can add them by going to "My Account" in the top right corner, and selecting "Add a new camper" on the following page. That person's name will then be available on the Enrollment and Forms tab.

If you have any questions, feel free to reach out to the Camper Coordinator at bfaller@campkorey.org or at (360) 416-4113.
